

# MUHAMMAD RIZQULLAH ALMADINAH

Malang, Indonesia | 087886193833 | dafi.almadinah0511@gmail.com | <https://www.linkedin.com/in/dafialmadinah>

Information Technology student at Universitas Brawijaya with hands-on experience in frontend and fullstack development. Skilled in HTML, CSS, JavaScript, React, Next.js, and Tailwind CSS, and familiar with using backend tools like Node.js, Express, and MongoDB databases. Involved in various real-world projects and team-based development, both as intern and core team member. Comfortable using Figma, Git, Jira, and version control for collaborative workflows. Eager to grow further in software development through internships or junior positions in tech-focused companies or startups.

## EDUCATION

**Brawijaya University - Malang**

**2023 - 2027 (Expected)**

Majoring in Information Technology - GPA : 3.92 out of 4.00

- **2nd Place Hackfest x SSG** at Universitas Ciputra in 2024
- **2nd Place in Business Case Competition** at IT FEST Universitas Brawijaya in 2024
- **1st Place in Business Model Canvas Competition** at Tobutive Universitas Brawijaya in 2024

## WORK EXPERIENCE

**CloudDatzen**

**Feb 2025 - June 2025**

**Fullstack Web Developer**

- Collaborated in building Tozen, a web app designed to streamline operations in the towing industry by digitizing service documentation, customer management, and operational tracking.
- Developed the frontend using HTML, CSS, and vanilla JavaScript, delivering a clean and responsive interface that improved data input efficiency and reduced errors.
- Integrated Supabase as the backend, enabling real-time data synchronization and replacing manual spreadsheets with a centralized, scalable system aligned with client needs after continuous follow-ups.

**Halcy Hijab**

**Jan 2025 - May 2025**

**Frontend Web Developer**

- Developed the company's official website using Next.js, React, Tailwind CSS, and TypeScript, delivering a modern, responsive user experience aligned with Halcy Hijab's brand identity in the modest fashion industry.
- Collaborated directly with the client to translate branding and marketing needs into reusable components and interactive layouts, including dynamic promotional sections and product highlights that supported live campaigns.
- Leveraged Next.js static generation to improve performance and SEO, ensuring the site loads quickly and remains accessible on varying devices and network conditions.

## ORGANIZATIONAL EXPERIENCE

**Raion Community**

**App Programmer**

**Feb 2025 - Present**

- Developed a location-based safety app with real-time sharing, emergency alerts, and incident mapping using Google Maps API, targeting students and commuters.
- Collaborated with UI/UX and backend teams to turn Figma designs into responsive mobile interfaces optimized for stressful and low-connectivity conditions.
- Strengthened mobile development and empathetic design skills by building a socially impactful solution that enhances personal safety and awareness.

**Lead Developer - SIGMA****Mar 2025 - Jul 2025**

- Led a 10-person cross-functional team to develop a public safety app improving emergency response in Malang, using Agile methods and Jira for sprint planning and task tracking.
- Balanced technical contribution with leadership by reviewing code, mentoring developers, and ensuring scalable system architecture.
- Strengthened skills in fullstack development and team coordination while delivering a tech solution with measurable social impact.

**Product Manager****Feb 2024 - Dec 2024**

- Spearheaded the end-to-end development of a user-centric information platform, from ideation to launch, aligning product vision with user needs.
- Designed wireframes and user flows in Figma, facilitating clear collaboration between designers and developers, and streamlining prototype iteration.
- Managed the team using Agile sprints in JIRA, set milestones, led stand-ups, and translated stakeholder needs into actionable user stories—ensuring timely, goal-aligned delivery.

**Raion Academy****Nov 2024**

Vice Head of Public Relations

- Led public relations efforts to maintain effective communication with participants and partners.
- Managed team coordination and supervised outreach strategies for event success.
- Over than 200 participants registered in 1 week.

**BEM Fakultas Ilmu Komputer****Public Relations -- Scholarship Festival****Apr 2024 - Sep 2024**

- Acted as the main liaison between the organizing team and external stakeholders (speakers, partners, institutions), ensuring aligned communication and smooth coordination that supported the event's success.
- Contributed to reaching 500+ participants through strategic outreach and stakeholder engagement, strengthening the program's reach and impact.

**KBMSI FILKOM UB****Logistics Staff -- Synergy of Symphony****Apr 2024 - Sep 2024**

- Managed end-to-end event logistics, including venue, equipment setup, and materials—ensuring smooth execution with zero critical delays.
- Maintained real-time coordination and resolved on-site issues promptly, contributing to seamless operations and the overall success of the event.
